

A0 version material  
code 200402005799

3.2 Rest /

Technical requirements: 1. Fire protection grade: UL94-HB  
2. All materials use 100% new materials. 3. All materials must be sample confirmed before production; 4. The appearance is frosted, and the texture refers to the sample; " 5. The product cannot be deformed and cannot be Surface defects such as strains, shrinkage, and air marks are allowed; 6. The surface of the parts is clean and free of oil, chips, dust, etc.  
7. The surface is protected from scratches, bumps, bruises, deformation and other defects. " 8. Comply with the latest RoHS regulatory requirements; 9. No dimensions are noted, please refer to the 3D drawings;

			Linear tolerances are implemented according to GB/T1184-m level; geometric tolerances are implemented according to GB/T1184-k level.							design	Wang Ende	2023/2/7	Jie Xinhua Technology Co., Ltd.				Drawing number	ABS+PC	
			Limit deviation values for linear basic size segments							Review							model material	(black) JXHSV06P	
			Unspecified tolerance values for straightness and flatness							approve			stage mark		quantity	weight	Proportion		JXHSV06P-07
