

A0 version material  
code 200206100318

3.2 Rest /

Technical requirements: 1. Deburring, sharp corners blunt; 2. Chamfer C0.2 is not noted; 3. Tolerance size of all holes in the drawing is  $\pm 0.1\text{mm}$ ; 4. If dimensions are not noted, refer to the 3D drawing; 5. The surface is protected from scratches. Defects such as bruises, crushing, deformation, etc.

Linear tolerances are implemented according to GB/T1184 as level; geometric tolerances are implemented according to GB/T1184 as level.										design	RenSX	2024/9/5	Jie Xinhua Technology Co., Ltd.				Drawing number	6061
Limits deviation values for linear basic size segments										Review							model	Alloy
										approve							material	MP3A02
Unspecified tolerance values for straightness and flatness										stage mark		quantity	weight	Proportion	JXHMP3A02-21007-f
