

A0 version material
code 200402100166

3.2 Rest

M4 Pressure Injected
Stainless Steel Studs

Technical requirements: 1. Material: ABS+PC blue, all materials use 100% new materials. 2. All materials must be sample confirmed before production; 3. The appearance is frosted, and the texture is based on the sample; "

4. The product cannot be deformed, and surface defects such as strains, shrinkage, and air marks are not allowed; 5. The surface of the parts is clean and free of oil, chips, dust, etc.

6. The surface is protected from scratches, bumps, bruises, deformation and other defects. "7. Comply with the latest RoHS regulatory requirements;

8. Pressure injection stainless steel screw 9. No dimensions are noted, please refer to the 3D drawing;
